LITIGATION

In addition to advisory and guidance on all matters related to environmental standards, the firm offers assistance in judicial or administrative litigation in the defense of its clients, in an ethical and combative manner, preparing from the defense strategy and relevant procedural acts to the end of the case.

- Administrative and court defenses on environmental matters;
- Advisory and monitoring in Consent Decrees (TAC) signed with the Public Prosecution Service or environmental agencies;
- Through its branch office in Brasília, the firm is qualified to provide legal advisory services, in all areas of activity, before the higher courts (Federal Supreme Court, Superior Court of Justice and Labor Court), Federal Regional Court of the 1st Region and local Common and Labor Courts of Justice, as well as the administrative bodies located in the Capital, with special emphasis on the Administrative Council of Tax Appeals (CARF), Administrative Council of Economic Law (CADE), Ministry of Economy and its Secretariats, Ministry of Justice and Public Security, Ministry of Foreign Affairs, IBAMA, etc.

LABOR ENVIRONMENT

Advisory in partnership with the labor area aiming:

- Monitoring of health and hazard analysis, prevention, and worker's health (LTCAT);
- Follow-up on the correct use of PPE and disposal;
- Sanitization of the production line; maintenance of equipment, aiming at minimizing the risks to the environment.

DEVELOPMENT OF SOCIAL-ENVIRONMENTAL PROJECTS

- Development in partnership with the company's top management of social and environmental projects and with certifications.

The services are performed throughout the country, either directly or through our regional offices, or through certified local partners, which are aligned with the case, the client's needs and the particulars of each city or region.
